Dear Sir/Madam

Re: 10, PARKHOUSE COURT, HATFIELD, HERTFORDSHIRE , AL10 9RQ

Thames Water recommends the installation of a properly maintained fat trap on all catering establishments. We further recommend, in line with best practice for the disposal of Fats, Oils and Grease, the collection of waste oil by a contractor, particularly to recycle for the production of bio diesel. Failure to implement these recommendations may result in this and other properties suffering blocked drains, sewage flooding and pollution to local watercourses. Further information on the above is available in a leaflet, 'Best Management Practices for Catering Establishments' which can be requested by telephoning 020 8507 4321

Yours faithfully
