Dear Sir

Re : 101 Brookmans Avenue Planning Application

Whilst I have no objection in principle to this application, indeed I am not affected by it, I have two concerns during the construction period, and would ask the Planning authority to impose stringent conditions.

My first concern is for Golf Club Road, that was resurfaced about two years ago at considerable expense jointly by Chancellor's School and Brookmans Park Golf Club, and therefore any damage to the surface caused by heavy lorries must be totally restored.

Secondly, there should be no deliveries at times when pupils are going to and from the school. I am sure the School would echo these conditions, if they have not already done so.

Yours faithfully
