Dear Mrs Hughes

**Land adjacent Georges Field, Hatfield Park, Old Hatfield**

I refer to the above planning application and the further comments received from the owner/occupier of Butlers, Fore Street dated 22 September. I refer also to my letter to you of 13 September.

1. The Georges Gate entrance will be manned by Estate staff.
2. The proposal is for a car park to replace the existing North Front car park.
3. In the event that the proposed car park adjacent to Georges Field becomes full, Estate staff will simply revert to using the Station Lodge entrance and visitors can park elsewhere in the Park such as QE Oak Field (or anywhere else the applicants choose on their land) as happens at present.

We trust the above is helpful in your consideration of the application.

Yours sincerely

Paul Atton MRTPI MRICS
