Dear Ms Hughes

Sorry for being so tardy in presenting a letter in favour of the Hatfield House planning application.

I write on behalf of the Hatfield House Real Tennis Club, which is situated at the top of Fore Street.

We consider the club to be a unique amenity to the young and old of the community. But, by far, the majority of our 250+ members travel to us by car, this also is the case with visiting teams. And therefore parking facilities are of the upmost importance to the continued existence of the club.

We would stress that we are a completely separate entity from Hatfield House Estate.

But in general terms the club feels that the Estate is working fairly to improving the ambience of Old Hatfield.

Yours Sincerely

Nicholas Pickard (for H.H.T.C.)
