REF:- Application no. S6/2011/0991/FP - 12 East View Essendon.

Dear Miss. Phillips,

The above application was considered by our planning committee at a meeting on June 27, 2011 and comments were as follows:-

"Generally, most Councillors were content with the proposal. One councillor was concerned at the possible 'terracing' effect (particularly if the adjacent neighbour also builds a two storey extension) and the loss of relieving view to the countryside beyond. Bathrooms should have obscured glazing.

Yours sincerely,

JOHN SPRAGG. Clerk.
