Dear Sir/ Madam

**Planning consultation:** Regeneration of Salisbury Square  
**Location:** Land at Salisbury Square, Hatfield, Hertfordshire, AL9 5AF

Thank you for your consultation on the above dated and received by Natural England on 08 November 2011 .

Natural England is a non-departmental public body. Our statutory purpose is to ensure that the natural environment is conserved, enhanced, and managed for the benefit of present and future generations, thereby contributing to sustainable development.

Natural England has previously commented on this proposal and made comments to the authority in our letter dated 27 October 2011.

Natural England noted that the proposal does not appear to affect any statutorily protected sites or landscapes, or have significant impacts on the conservation of soils, nor is the proposal EIA development. The advice provided in our previous response applies equally to this proposal although we made no objection to the original proposal.

Should the proposal be amended in a way which significantly affects its impact on the natural environment then, in accordance with Section 4 of the Natural Environment and Rural Communities Act 2006, Natural England should be consulted again.

Yours faithfully
