October 17, 2011

Dear Sir / Madam,

I enclose a planning application for a change of use of garage to habitual accommodation.

In order to overcome the fact that there will be insufficient parking to meet the council's standards I would be willing to complete a S106 obligation whereby I would covenant that the occupiers of the dwelling would not seek more than two parking permits as at present.

Yours faithfully

TONY VINCETT,

Mr Shivji Vora
