**Subject:** Welwyn Hatfield Council Online Planning - Comment

Application Number: S6/2011/2486/MA

Name: [Redacted]

Address: 3 Hornbeam Lane, Essenendon

Comment Type: Object

Comment: We are concerned that the proposed road would result in the loss of protected woodland and open vistas across two fields. It would also cut across a public footpath and lead to increased noise to the rear of our property - 30 horses will require a significant number of people to care for them and regular deliveries of foodstuffs by large transporters. In addition, the entrance onto Kentish Lane would be near a sharp bend in a short stretch where there are already a number of access roads off Kentish Lane. Therefore the risk of accidents would be increased.
