Description: Formation of new firearms training range, replacement bullet catcher and backstop structure with associated landscaping Comment Added:

Commented By: gerry.brophy [Redacted]

Comment: My comments on this application relate exclusively to any security issues. As an operational police headquarters, the site is populated with both police officers and staff. The estate is a closed and secured area with entry through an access controlled gate. There are other gates for fire escape purposes, but these remain locked and secured. Extensive CCTV coverage is evident and the site is enclosed with at least 2M high weldmesh fenceline. There have been no relevant recorded crimes within the last 12 months. I therefore do not have any concerns or recommendations regarding security in relation to this application.
Gerry Brophy CPDA Herts Constabulary.
