Dear Planning Support Team

Case Number 2608
Alt Ref S6/2012/2608/MA

I am the owner of Nyn Manor which adjoins the boundary of Nyn park Estate which the planning application relates.

I have concerns that the type of fencing proposed will preclude and prevent access for ALL wildlife which would be unacceptable. The ecology could/would be affected.

Other than the prevention of access by wildlife I have no objections to the height etc.

Could a different type of mesh be used to allow animals to cross (both ways)

Regards

Andrew Newland
