Proposal

two storey front and single storey rear and side extensions following demolition of existing single storey rear extension and garage

Decision

Notice is given under article 16 of the Town and Country Planning (Development Management Procedure) (England) Order 2010 that the Hertfordshire County Council as Highway Authority does not wish to restrict the grant of permission.

This application for extensions will not impact upon highway safety or capacity. Off street parking is retained to the front of the property, no alteration to the existing vehicle access is required and traffic generation is unlikely to change.

Informatives I recommend inclusion of the following advisory note to ensure that any works within the highway are carried out in accordance with the provisions of the Highway Act 1980.

AN1. Road deposits. Best practical means shall be taken at all times to ensure that all vehicles leaving the development site during construction of the development are in a condition such as not to emit dust or deposit mud, slurry or other debris on the highway. Reason. To minimise the impact of construction vehicles and to improve the amenity of the local area.

AN2. The applicant is advised that the storage of materials associated with this development should take place within the site and not extend into within the public highway without authorisation from the highway authority, Hertfordshire County Council. If necessary further details can be obtained from the County Council Highways via either the website <http://www.hertsdirect.org/services/transtreets/highways/> or telephone 0300 1234047 to arrange this.
