

11a Kingsmead – Photographs showing views from property.

- ◆ Highlights the error in drawing PA 06 which shows, incorrectly, that the existing extension finishes at the boundary of No. 15. The reality is that the extension runs across the bottom of 11a to the extent of 3.8 metres!
- ◆ Highlights the complete loss of visual amenity, privacy as well as loss of light to our house if this overbearing structure were to be built.

Notes 1. Current view.

Notes 2. Elevated view showing existing extension at No. 17.
