25.3.14.

Dear Sir/Madam

I am writing regarding change of use of part of ground floor from house in multiple occupation to three self contained units at 2 De-Havilland Close

I have lived in this street for a large number of years, over those years we have seen family homes go from quiet to multiple occupied houses filled with students.

Student houses have proved in the past to be unsociable living, noise, rubbish bags piling up & filth.

The home owner at no 2 De-Havilland Close has always been particular about his tenants, the property has always been in good order, clear of all rubbish, he has always shown to be a considerate neighbour so for this reason I support his application

Yours faithfully
