**BY EMAIL ONLY**

Dear Sir or Madam

**Planning consultation:** Noise survey for erection of new public house and associated works.  
**Location:** Land Off Comet Way, Hatfield

Thank you for your consultation received by Natural England on 31 October 2014

Natural England is a non-departmental public body. Our statutory purpose is to ensure that the natural environment is conserved, enhanced, and managed for the benefit of present and future generations, thereby contributing to sustainable development.

Natural England has previously commented on this proposal and made comments to the authority in our letters dated 23 July 2014 and 29 September 2014.

The advice provided in our previous response applies equally to this amendment although we made no objection to the original proposal.

Should the proposal be amended in a way which **significantly** affects its impact on the natural environment then, in accordance with Section 4 of the Natural Environment and Rural Communities Act 2006, Natural England should be consulted again. Before sending us the amended consultation, please assess whether the changes proposed will materially affect any of the advice we have previously offered. If they are unlikely to do so, please do not re-consult us.

Yours faithfully

Annmarie Williams  
Sustainable Development Consultation Team
