Comment: Thank you for sight of this application. My comments are made from a crime prevention perspective only. In the interests of openness and fairness, I must point out that this application is made by Hertfordshire Constabulary and that I am employed by the same constabulary. The application site is contained completely within the police HQ site in Welwyn Garden City. The area is surrounded by a 1.8M weldmesh fence, which has been inspected by myself this week and found to be in good serviceable condition. The area is covered by monitored CCTV and substantial numbers of police officers and staff are present on site for the whole 24 hour period. The new structures are to be constructed to the highest safety standards applicable and all weapons and ammunition will be stored safely in the nearby armoury. Under these circumstances I have no concerns regarding safety or security and am able to fully support the application. Gerry Brophy, Principal Crime Prevention Design Advisor, Hertfordshire Constabulary
