<b>Comments</b>	<input type="text" value="5 West View. We object to any extension of the guest house on the grounds that it already intrudes into our daily life - there are already too many buildings, people and cars for the space / facility. The outbuildings, fire escape and office will intrude further into the garden space surrounding our residence. The office seems to have been built before any permission has been granted anyway - it has been there months?!? We were not consulted on this application. The proposed out-buildings seem unnecessary (overkill) for the size of property and appear to us to be very likely used as additional guest rooms? This would make 16 extra rooms in total? We already suffer daily impact from excessive: rubbish dumping (and burning) / noise / people loitering / people disturbing us (as unable to find or access the guest house) and endless ongoing maintenance, discourteous, illegal and dangerous parking. This occurs 24 x 7 x 365. The police have had cause to visit on many occasions"/>
