Comments	<input type="text" value="There are precedents for this type of extension N6/2013/1923/FP, 6/2015/1903/House & 6/2019/2161/House. With reasonable conditions on brickwork, windows etc. it will not have a detrimental impact on its setting and streetscene. It will sustain and enhance this part of the area. For these reasons I support the application."/>
