Comment for planning application 6/2023/1934/HOUSE

Application Number	6/2023/1934/HOUSE	
Location	9 South Drive Cuffley Potters Bar EN6 4HP	
Proposal	Retention of two dormers and erection of two dormers on each side facing roofslope	
Case Officer	Ms Kirsty Shirley	
Organisation		
Type of Comment	Objection	
Туре	neighbour	
Comments	The proposed side dormer over the rear extension, which has been built without planning permission, presents an overbearing presence. Its domineering appearance of the side dormers, with its dark bulkiness, casts a shadow over my rear patio. The owner's lack of regard and concern to the planning laws is apparent as what is being constructed is the previously refused application 6/2022/2114/HOUSE. I also like to report and object to a newly constructed window opening to the side wall of the outbuilding, planning 6/2023/1252/LAWP. This side window has irreverently appeared to the wall abutting my boundary. This window directly looks into my garden and invades my privacy. I have expressed my objection to the owner but claims he has planning permission for this window. No window along this wall appears on the approved drawings logged online. Can someone please investigate and request this window be removed if found to be in breach of planning.
