<b>Comments</b>	<input type="text" value="I strongly object to this application on the grounds that Cuffley village is unfairly targeted by developers, more than any other village in the borough. It is a small village with no infrastructure, no capacity for extra traffic or influx of new residents. That part in particular is prone to flooding and if large areas are concreted for foundations, paths, driveways etc the excess of water will flood the road even more than now. Also, it has been estimated that some 700,000 residents left London in recent months, the demand for new housing is lesser, building on Green Belt is unexcusable."/>
