Dear Paula

I have a tree in my front garden at the above address, on the border of my property next to the pavement. I've been advised by a local tree surgeon that it is diseased and needs to be removed immediately. He recommended that I apply for an emergency removal order due to the tree's poor state.

If the tree is damaged and diseased I would like to apply for the order, but can I check if anyone from the council would look at it first? I trust the tree surgeon's recommendation as we have used him before, but if the tree is to be removed it would be good to have a second opinion.

I have attached three photos of the tree, taken this morning.

If you need to speak to me about this my number is [REDACTED]

I look forward to hearing from you.

Regards

Darren Lewis
