Comments	<input type="text" value="I wish to object to the proposed rear extension of 118. In support of my objection, I would like to highlight the following. My garden already has a wall three metres high and three metres in length which consists of an extension to the North West of 122 Campion Road. I attach a photo of my living room which shows the impact of reduced light since this extension was built. I have previously provided a photo showing the restriction of light in my garden. An additional extension to 118 on the other side would mean my garden would be boxed in by walls and further restrict light in my lounge. I have no objection to the redevelopment of the garage."/>
