Comments	<input type="text" value="I would like to object to this development. My objection is based on the protection of the Green Belt. We cannot cover the entire country, or county, in development. There are plenty of sites in urban areas that can be re-developed without spoiling another corner of England. This development would ultimately require further development. There are only three roads into Cuffley. Recently two of those roads have been blocked or have had traffic lights on them. The village cannot cope with more traffic. It certainly cannot cope with more traffic when the snow comes down. Anyone who thinks this statement is an exaggeration clearly does not live in the village. Regards"/>
