

Comment for planning application 6/2021/0132/LAWP

Application Number	6/2021/0132/LAWP
Location	18 Firs Wood Close Northaw Potters Bar EN6 4BY
Proposal	Certificate of Lawfulness for the erection of a single storey rear extension
Case Officer	Mr David Elmore
Organisation	
Type of Comment	Objection
Type	neighbour
Comments	<p>1. Loss of sunlight (The sun rises to the left at the rear of the property so with the extension in place we will be lucky to see any sun in the house and garden until late afternoon). Also reduced natural daylight for most of the day within the garden and in the house. As the house is already set back approx 1 metre from the neighbouring property No18 it struggles to get light into the lounge during the day and I have to put a light on most days to see properly. The sunlight is blocked out already by the extremely tall trees at the rear of the properties some exceed 50-60ft in height which belong to the estate. 2. Sense of enclosure of being hemmed in. Once the extra 3 metre extension is in place it will feel like being put permanently within a tunnel and the garden and house will be cast in the shade most of the day.</p>
