<b>Comments</b>	<input type="text" value="The proposed development is in a designated conservation area, in a village setting with limited parking available. The loud music associated with its use as a night club is a cause for concern especially since a Noise Abatement Order was breached on a number of occasions. Patrons leaving the premises in the early hours of the morning, disturb the residents and drop litter in the surrounding roads. It would be unfair for the application to be approved retrospectively as it will be seen as rewarding those who have flouted planning regulations all along."/>
