<b>Comments</b>	<input type="text" value="I am veermently opposed to this particular development. Not only will it leave the door open to further developments near this site which have previously been opposed and agreed. It mentions preserving the farming heritage of Hertfordshire. In view of our exit from the EU this could allow the EU to withhold vital supplies coming through Europe to the UK, particularly food. We must therefore encourage our government to encourage more farming so that these buildings can once again be brought into farming use. The village of Cuffley is unique as with other villages of this type and must be preserved as such and not turned into Urban Sprawl which was what the Green Belt was formed for. I would therefore plead with the council to turn down this application."/>
