MR KEV FRENCH

4 Dehavilland Close

REF No: 6/2016/0616/Full.

Hatfield

Herts

ALHO-008

Dear Sir/Madam,

Having seen the proposed changes to Number 2 Dehavilland Close,

I am opposing the plans submitted to WtH Council because it will intrude on my privacy to the rear of the premises, also, having parking facilities within a quiet garden area will cause noise and pollution and also affect security issues to my mid Terrace property. I do not object to the conversion of the dwelling inside, simply the parking issues to the rear of the

house as proposed, could not a small proportion of the "Council owned grassed area" be purchased and converted to keep all vehicles to the front aspect of the property
