Comments	<input type="text" value="Local employment opportunities are beneficial to the community. No extra parking is being provided so workers are being encouraged to arrive by public transport or on foot. My objection is that it is simply not safe for people to have to dodge through heavy traffic on the B156 to access Sopers Rd from Cuffley Railway Station. This is a challenge for all and particularly for anyone with a disability. The application should only go ahead if a pedestrian crossing is a planning condition."/>
