Comments:

I am in the process of completing on Flat 23 Barham Court and it we have received a notice regarding the addition of A3. I strongly object with this application as it will have a major negative affect on the development and the area. There will be noise from customers in and out of the restaurant. People smoking outside, cars stopping, parking and turning their engines on and off. All residents will be affected until late in the evening and also cars causing congestion on Station Road. There is already many food outlets in the village so i cannot see why the council would grant such permission. a 5000 Sq Ft restaurant that serves alcohol is not what the area needs.
