Comments	<input type="text" value="Whilst not objecting in principle to the extension we do object to the dormer windows on the north elevation of the proposal overlooking our property on 2 grounds: 1. Right to Light - having occupied our property for 22 years the proposal would directly affect the sunlight into 2 of our bedrooms. 2. Impact on Privacy - the proposed dormer windows will look directly into 4 bedrooms, landing, and the whole of our rear garden. We would ask that the plans be reconsidered with preferably 'Velux-style' windows, or a reduction in the length of dormer windows at the rear of the property (with opaque glass mandatory)."/>
