Comments	<input type="text" value="Dear Sirs, I would like to object to this planning application for several reasons: 1. The proposed new building will compromise the openness of the Green Belt. It will look squashed in between other houses close by. 2. It is proposed to build the house next to the narrowest part of Church Lane where there is no pavement and definitely no parking possibilities on the road. This is likely to lead to inconvenience to all the neighbours during construction as the contractors' vehicles are likely to clog up the narrow road. 3. The three parking spaces seem to be tight and would be very difficult to manoeuvre in and out of, especially the one closest to the house. They would not be suitable for the larger vehicles which are the norm in the neighbourhood. This would result in cars being parked somewhere on the road, causing problems for everybody else. Yours faithfully ORL"/>
