Comments	<input type="text" value="We continue to strongly object to this application. We are concerned about gaining access to and from our garage and parking space at the rear of our property (we have no parking at the front of our property) due to the increased number of people that will require access to this parking area. This is already a congested area and we consider this proposal will create further parking and access difficulties for all concerned. Our view at the rear of our property will be affected, as it will be overlooked by this proposed new high roof extension which we again strongly object to."/>
