Comments	<input type="text" value="As a resident of Ashbury close, it is All ready apparent that there is a bad issue with parking, and this is known to the council as we have the worst parking restrictions in the area and one of the closest Roads to the university and Luna. Doubled parked cars, drive ways blocked and no parking for our own vehicles or visitors this has been logged with yourself and the police. Maybe think about sorting the parking situation first, as this disrupts our lives we were promised a survey Which never happened. Just put permits in place and we be happy . So I totally object to Having it used as any thing else other then what was permitted in the first place."/>
