<b>Comments</b>	<input type="text" value="I would like to object to this planned work , I have a number of issues with this the buildings will literally be on top of my garden and with absolutely no guarantee who will be in this from night to night as it's a bed and breakfast and with all the previous tenants this doesn't sit very well, also parking in this street has already become a nightmare over the last few years with all the business park people now parking outside 5 days a week already no.5s car park is un fit for purpose already then we will have issues with noise and rubbish again and I will say that has been under control much better although the back garden is full with building rubbish at the moment assuming this is because they plan to build soon but still not good to see"/>
