Comments	<input type="text" value="We are not happy to see development in the Green Belt area surrounding our home. We moved here for this reason. It's a development that is physically removed from the village of Cuffley which will make the village very disjointed. There is no defensible Green Belt boundary There are no 'very exceptional' circumstances to justify removal from the Green Belt My biggest issue is traffic. Simply put the infrastructure can just about cope with the current levels of traffic. This will not be sustainable."/>
