Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Ashbury close has major parking problems at times even if a parking scheme is introduced the cars will just park in Selwyn Drive and Selwyn Crescent. The development is not maintain properly the gardens have rubbish that has been thrown from the accommodation and is never cleaned up and the gardens have never been maintained since September 2019 even after the heavy storms this year. Can this major works be extended after one year, its hard to believe the owners of this property."/>
