Comments	<input type="text" value="We welcome and strongly support this long awaited planning application, which is important for regeneration of Old Hatfield. It conforms well to the principles for the sustainable development of Old Hatfield that OHRA set out in 2018 when I was chair. Attached note sets out specific provisions in the proposed redevelopment that we welcome. They relate well to points made by residents at earlier consultations and presentations. Note also makes specific comments about the application that require confirmation or conditions in the planning decision. The application should be approved and GCE should start the work asap."/>
