<b>Comments</b>	<input type="text" value="The proposed amendments are far more in keeping with the style and nature of the houses on The Ridgeway. It is my sincere hope that the amendments are allowed as modern structures stick out like a sore thumb which ruin the character of the neighbourhood. However, I would strongly suggest a condition that there be sufficient landscaping in addition to that in the original application as the sizes of the windows seem to have increased significantly. This will diminish my households privacy, in particular plots 2 and 3 will be directly looking into garden and overlook my swimming pool. A significant number of trees have been removed during this deveopment and a condition that a significant number of trees be planted to proivde screening will help compensate the loss of privacy and help create an evironment suitable for the setting."/>
