Comments	<input type="text" value="I am writing to object to the above planning application for the following reasons: Two dwelling units: The purposed dwelling are not of a design which is in keeping with the character or appearance of the area. We do not have the height of dwellings in the back gardens of our street and area. It will be a sore sight when looking towards my garden. Privacy: both of the proposed dwellings would have windows and doors facing my back property and this will leave to a significant loss of privacy at my house as we spend most of the time in our garden. Health and safely issue: more rubbish accumulating daily and 2 extra kitchens cause a health a safety concern. Loss of light in a south facing garden to our property. Traffic, noise and smells will increase in a already busy household with a 3-4 cars generally parked on the property. House extension :Looking at the plans for the proposed ground floor extension, the length of 6m will be 2m further than mine will obstruct safety & light."/>
