Comment: The above planning application relates to a property next to my own property at the above address.

The Limes was granted major planning consent a few years ago which nearly doubled the existing footprint of the main house as well as adding significant extra out buildings

This new application requests another very significant addition to the already much enlarged footprint of the building (by my estimate another 30%) which contravenes planning guidelines as well as looking out of proportion to the rest of the dwelling. The application suggests that this new addition would not be visible from the public highway but this is not correct.

I therefore request that planning permission is not granted for the additions as submitted.
