September 15, 2009.

Dear Mr. Conway,

At our meeting yesterday, the following application was discussed:-

MP
THE LIMES, 51 HIGH ROAD. Ref. S6/09/1794 LB and 1501 FP.

There were no objections but, in view of past additions to the house, it was queried whether this new application was admissible.

HATFIELD LONDON GOLF COURSE.

I was asked to check with you what conditions were imposed when permission was given some years ago for this change of use.

The main problem area is their boundary with our allotments, where the Leylandi trees are now very high and the "rough" could be a fire hazard according to one resident in East View.

Your comments would be much appreciated as soon as possible but certainly before our next meeting on 12/10/09.

Yours sincerely,

[REDACTED]
John Spragg. Clerk.
