Dear Sir,

6/2016/1070/PN3 – APP/C1950/W/16/3157876

I was gratified to learn that my previous objections to the above remain under consideration now that an Appeal has been made.

I would reiterate that the land in question can in no, way, shape or form be considered a 'working farm', the only activity which takes place is mowing, baling and removal by a contractor.

I was assured some ten years ago by a well- respected Councillor, now sadly deceased, that 'England would be concreted over before any building could take place on that land – it has six levels of protection on it.'

The proximity of any building opposite Northaw Great Wood, a historic and well loved, well used amenity would be quite inappropriate in my opinion.

Yours faithfully,

Jane Sheridan (Mrs)
