Proposed Site Layout Plan @ 1 to 100

NOTES

The Contractor is to check and verify all building and site dimensions, levels and sewer connections at construction points before work starts. They are to be responsible for ensuring that the site is suitable for the proposed development and that all necessary permissions and consents are obtained. The Contractor is to ensure that all ground level is supported and that all foundations are suitably designed and constructed. The Contractor is to ensure that all foundations are suitably designed and constructed. The Contractor is to ensure that all foundations are suitably designed and constructed.
