Comments	<input type="text" value="I note that he applicant states that there will be no overnight accommodation. As far as I am aware, 51, like every other property in Kentish Lane is a house. The statement therefore is incorrect. I note that at Highway Authority will require a parking restriction Zone of for the property and for. 200m on each side. Since they regularly have a line of contractor's vehicles parked on the pavement or in the road I would have no confidence that the applicants will adhere to any such restriction. Although there is an implication that filming activity is a relatively short term thing with daily set up and take down, past experience is that set up can involve months of noisy building work. A 9 month in any 27 permission could therefore result in massive disruption to the neighbourhood and will deny immediate neighbours the right to quiet enjoyment of our property."/>
