Comments	<input type="text" value="Another application by this greedy owner who has no wish to use the land other than to make money! He should be using it to farm not development! Traffic is a nightmare as it is, this development and the planned future development behind it makes it totally unsustainable. This is green belt and should not be turned into housing. It will be very visible from the road. This would be a new blob of development separate from the village and should therefore be disallowed"/>
