Comments	Northaw Road East is already at it's limit with regard to the amount of traffic at peak times. If this development goes ahead I'm sure it will be the beginning of many more new builds, eventually causing major traffic delays and safety issues on Northaw Road East. I have seen traffic at a standstill when there are issues on the M25, from Enfield, Lancaster Road to Cuffley. The last thing Cuffley needs is more traffic heading to new developments. Before any major development proceeds the council need to resolve the traffic issues that we are already experiencing.
