

Comment for planning application 6/2020/3451/MAJ

Application Number	<input type="text" value="6/2020/3451/MAJ"/>
Location	<input type="text" value="Wells Farm Northaw Road East Cuffley Potters Bar EN6 4RD"/>
Proposal	<input type="text" value="Demolition of existing buildings and erection of 14 dwellings"/>
Case Officer	<input type="text" value="Mr Mark Peacock"/>
Organisation	<input type="text"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="My first objection is that there are three main roads into and out of Cuffley, which are from Crews Hill which is one lane traffic each way, from Potters Bar which is one lane traffic each way and from Goffs Oak which is one way traffic each way, all of these roads do not support the amount of traffic that already exists which at present is already horrendous every day during rush hours, I strongly suggest that a planning representative tries to get in and out of Cuffley during this period to see what happens with the pure gridlock and I cannot believe that planning would be even be considered it would not be fair to the residents of Cuffley to inflict even more pressure on the roads, the roads are just not wide enough and were made for a village not a new town. My second objection is that the site is a green belt area and should not even be considered in the first place, my third objection is the infrastructure is not in place for a development in Cuffley, schools, shops parking etc"/>
