ARCHAEOLOGICAL IMPLICATIONS

Dear David,

Thank you for consulting us on the above application.

The proposal is sited on an area of existing hardstanding tennis courts which previously contained some hardstanding and buildings associated with Hatfield Aerodrome.

Therefore in this instance we consider that the development is unlikely to have a significant impact on heritage assets of archaeological interest, and we have no comment to make upon the proposal.

Please do not hesitate to contact me should you require any further information or clarification.

Yours sincerely,
