UPDATED ARCHAEOLOGICAL WRITTEN SCHEME OF INVESTIGATION

Thank you for consulting us.

We wrote to you on 15 August and commented on the archaeological written scheme of investigation (WSI) which had been submitted. We did not recommend that the document was approved.

An updated WSI has now been received by Welwyn Hatfield BC. Although this WSI has addressed the majority of our comments, it still does not describe the suitability of the onsite staff which will be used for this project. We had requested that this was clarified in our previous comments.

Therefore we still do not recommend that this WSI is approved.

Please do not hesitate to contact me should you require any further information or clarification.

Yours sincerely,
