Dear Louise,

Re: Submission of details pursuant to Condition 3a (archaeological significance) on planning permission 6/2021/2125/MAJ - Hertfordshire Constabulary Stanborough Road Welwyn Garden City AL8 6XF

And RE-CONSULTATION dated 3/10/22

ARCHAEOLOGICAL IMPLICATIONS

Thank you for consulting me on the above application for a discharge of condition.

I can confirm that the applicant's archaeological Written Scheme of Investigation (WSI) meets the requirements of this office, and therefore that the programme of archaeological fieldwork (trial trench evaluation) may begin, subject to your final approval.

I can advise partial discharge of condition 3 A (i.e. 3 A Parts 1 and 7), sufficient to allow the evaluation to go ahead. Please note that, as further phases of archaeological work may be necessary, and as a report on the findings will be required, the condition should not be fully discharged at this time.

Conditions 3 B) and 3 C) should remain in place. Please also note that if the project results warrant publication, this office will also request written confirmation that sufficient funding is in place to enable this, prior to advising that the conditions are fully discharged

Please do not hesitate to contact me should you require any further information or clarification.

Yours sincerely,

Alison Tinniswood
