My name is Valerie Hart, my address is 22 Maynard Place, EN6 4JA

Dear Sir, I wish to object to the advertising banners proposed by Lady Valet Dry Cleaners to be situated in Station Road Cuffley.

The reasons for my objection are as follow.

1. The banners are too obtrusive for the general appearance of the village.
2. Being placed near the main road through the village they might provide a distraction for drivers trying to see what the banners represent.
3. They are tall and slim and not secured to the ground and may well topple if we have strong winds – causing a danger to anyone passing.
4. They will always cause obstruction on the pavement which is used by pedestrians but more importantly by elderly and infirm people using mobility scooters.
5. If these are approved then it might create a precedent for other shops to use them also, and the village would end up as a giant advertising set.

I hope that the Council will not approve this application.

Yours faithfully,

V.J.Hart
